With many Society events now being streamed live or filmed for later publication it is important that all handlers take care to ensure they always present a responsible and ethical image of the sheep industry. Of particular note is the handling of sheep in show and sale rings and the use of crooks to display sheep in sale rings at major sales. The use of crooks is at the owner's discretion, but should only be done to aid the movement of sheep around the sale ring and to showcase the animal. Excessive use of crooks to push or beat sheep is to be avoided.
