The Texel Sheep Society provides data collection and performance reporting services to its membership. From 2024, the service and evaluation combines pedigree and genomic data to provide indexes that are simple to use and understand.

In simple terms: **higher value = more profit per lamb**

The texelplus economic indexes support the breed’s development with an increased focus on commercial traits and profitability. The **TERMINAL** and **REPLACEMENT INDEXES** reflect the breed’s influence on industry. Both are presented as the potential extra profit per lamb born in a commercial setting, compared to the population baseline.

The **TERMINAL** increased through lambs and is strongly for meat **REPLACEMENT** additional to optimise female replacements.

Index	Average	Top 25%	Top 10%	Top 5%	Top 1%
<b>Terminal</b> Expected change in profit per terminal lamb born	£3.75	£5.01	£6.14	£6.82	£8.10
<b>Replacement</b> Expected change in profit per replacement lamb born	£4.26	£5.64	£6.88	£7.62	£9.01

**INDEX** supports profitability improving prime weighted production. The **INDEX** includes maternal traits production of

Commercial producers solely producing prime lambs should use the **TERMINAL INDEX** to inform their selection; however, those retaining female replacements should use the **REPLACEMENT INDEX**.

Sub-indexes underpin the indexes to provide more information on the relative values and ranking of animals for growth, fat and muscle weight, and reproduction.

**An example**

*High ranking rams deliver over £4.50 per lamb more than lower-ranking rams. Over a ram’s working lifetime, this is easily worth an extra £690 per ram; generated through shorter finish times and improved carcass quality.*

**AUCTIONEER'S TERMS & CONDITIONS OF SALE**  
(Incorporating the Auctioneer's Terms and Conditions)

1. The biddings to be regulated by the Auctioneers and the highest bidder, subject to the Vendor's reserve (if any), will be the purchaser. No bid shall be retracted and if any dispute should arise between two or more bidders, the lot in dispute to be put up again and resold, or the Auctioneers may determine the dispute at their own discretion and their decision shall be final. The Auctioneers reserve the right to refuse the bid of any person without being called upon to give reason for such action.
2. The Purchaser to give his full name and dwelling place and pay for all Lots purchased immediately at the close of sale. No Lot or Lots shall be removed from the sale premises until paid for and a pass-out slip obtained from the Auctioneer's office but each and every Lot shall immediately at the fall of the hammer be considered as delivered and be and remain in every respect at the absolute risk and expense of the respective purchaser or purchasers thereof and shall be removed from the sale premises at the purchaser's expense. The right of property shall not pass until the full purchase price is paid.
3. Purchasers paying by cheque must be prepared, if required, to produce a banker's reference. As a result of the Money Laundering Regulations (2003) the auctioneers are unable to accept cash payments in excess of nine thousand pounds sterling for any single or linked purchase transaction.
4. All statements in the catalogue, or made by the Auctioneers at the time of sale, also the correct identification of the animals, are the entire responsibility of the Vendors. The Auctioneers take no personal responsibility for the correctness of such statements or identities.
5. All statements in the catalogue, or any made by the Auctioneers at the time of sale relating to any veterinary or other tests are to be taken as statements of fact only. No such statements shall guarantee the purchaser of any animal against loss arising from the subsequent reaction of such animal to any test administered after the sale and the Vendors shall not be liable in any way should this occur.
6. All stock is sold subject to the Conditions of Sale recommended for use at markets by the Livestock Auctioneers' Markets Committee for England and Wales except in so far as these conflict with any Special Conditions applicable to the sale of pedigree stock, when the latter Conditions shall prevail.
7. Neither the Vendors nor the Auctioneers will be responsible for any accident or injury to persons or property, through fire or any other cause whatsoever, nor for any damage by animals prior to, during or after the sale.
8. No undertaking by the Auctioneers or their servants to take charge of any Lot or Lots after the sale or to forward them to their destination shall be held to impose upon the Auctioneers any legal obligation or vitiate any of these Conditions.
9. In as much as the Auctioneers act as agents for a disclosed principal they shall not be considered personally responsible for any default on the part of either purchasers or Vendors and the remedy shall be against them only and not against the Auctioneers.
10. If these conditions are unfulfilled, the Vendors or Auctioneers shall have the power to resell the Lots, retaining any surplus and charging any deficiency and expense to the defaulter.
